Denise Walker

"Denise is an artist and educator who has resided in Broome for many years. Her artwork, although inspired from the spectacular Broome coastline, embodies a powerful soul on an individual journey throughout the heartland of the rugged interior of the Kimberley region. She travels extensively and works on location using assorted mediums to capture the "soul" of her chosen subject. Her main focus is on the spirit embodied within the landscape. It's vibrant colours, it's dynamic energy, and it's emotional resonance which is born in vast ancient surroundings, engages the viewer and elicits an amazing personal journey from the audience, moving them emotionally. Denise has exhibited widely over the past 24 years winning

Dreams Of Home
